

Wilmington, Massachusetts

INTER-DEPARTMENTAL COMMUNICATION

FROM THE TOWN MANAGER

May 22, 2020

TO: Board of Selectmen

RE: Phased Reopening of Town Recreation Areas

On Monday, May 18th, Governor Charlie Baker announced his plans for a four (4) phased approach for returning the Commonwealth to a new “normal” as the number of COVID-19 cases declines and other indicators reflect a positive trend. Phase 1 includes directives for the reopening of some businesses and an easing of restrictions from the “Stay-at-Home Advisory” issued in late March. Included in Phase 1 is the ability to permit residents to return to recreational areas under certain conditions. The attached memorandum from the Executive Office of Energy and Environment Affairs (EOEA) provides direction on the steps communities can take to reopen public spaces and the basis for much of the planned limited reopening that will take place on May 25, 2020.

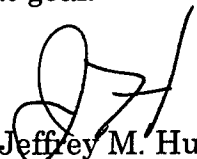

Type of Recreation Space	Conditions
Athletic Fields*	Open: No contact sports; no pick-up games, organized games or tournaments and no use of shared equipment; no permits to be issued
Basketball Courts*	Closed: Through Phase 1
Baseball/Softball Fields	Open: Toss & catch activities; no pick-up games, organized games or tournaments; bleachers & dug-outs closed, only players from same family; no permits to be issued
Dog Park	Open: Visitors to maintain control over dogs via leash or voice command; practice social distancing of at least six (6) feet; no shared amenities i.e. toys, water dishes
Playgrounds	Closed: Through Phase 1
Tennis/Pickleball Courts	Open: Social distancing of at least six (6) feet; no sharing of equipment; no pick-up games, organized games or tournaments
Town Forest, Rotary Park, Town Common	Open: Passive recreation; Social distancing of at least six (6) feet; masks required if cannot exercise social distancing
Skateboard Park	Closed: Through Phase 1

* Yentile Farm Recreation Facility shall remain closed through Phase 1

The establishment of this reopening plan has two underlying principles. First, to the fullest extent possible make recreational space accessible to the greatest extent permissible via the guidelines established by EOEA. Areas that are permitted to be reopened with restrictions are reopened while those recreational areas not yet permitted to be reopened will remain closed. Second, recognize the public's desire to return to using these spaces and expect they will exercise responsibility and supervisor their children to follow the "best practices" that have been established by the federal and state government to limit the spread of COVID-19. It is my sincere hope and expectation that the requirements including social distancing, use of masks when distancing is not possible and gatherings of no more than 10 people will be followed. In the event that these measures are not followed on a consistent basis, recreation areas will be closed. As has been noted by Governor Baker many times, we are collectively in this together and will be dealing with COVID-19 for an extended period of time. The ability to gradually return to a greater level of normalcy depends upon the actions of each of us.

Yentile Farm Recreation Facility is a destination facility. This space is clearly the Town's premier recreation area which is recognized by residents and non-residents alike. Opening this park now will, in all likelihood, lead to a significant policing challenge. While the multipurpose nature of the space is a virtue, opening the park now will lead to children utilizing the playground area, large numbers of people engaged in pick-up basketball games and pick-up games on the turf field. With the expected level of usage will be an expectation that the restroom facilities be opened to the public. Given the fact that restrooms are a potential repository for COVID-19, there is an increased level of cleaning vigilance required. The Public Buildings Department does not have the ability to dedicate staff to daily cleaning of restrooms at this location. For these reasons Yentile Farm Recreation Facility will remain closed through Phase 1.

It is understood that recreation spaces including athletic fields, basketball courts and tennis courts on school property are controlled by the Superintendent of Schools. After consulting with Dr. Glenn Brand, he has confirmed his agreement with the plan that has been established. The goal remains to reach the point at which the metrics used to measure progress in reducing the number of COVID-19 cases will permit a return to the full and unfettered use of these recreation spaces for their intended purposes. Patience, persistence and resolve will enable us to achieve that goal.

Memorandum

From: Executive Office of Energy and Environmental Affairs

Date: May 18, 2020

Subject: Specific Safety and Reopening Standards for Parks, Open Space, and Outdoor Education Programs

The following guidelines apply to Parks, Open Space, and Outdoor Education Programs during Phase 1 of the Commonwealth's Reopening.

All visitors to parks and open space, and managers associated with properties or activities herein, should abide by the specific guidelines outlined. Property-specific guidelines should be posted at entrance points to areas and on relevant social media/websites. Guidelines provided herein should apply to all parks, reservations and open spaces unless otherwise specified.

This guidance should apply until amended or rescinded. Any questions regarding this guidance can be sent to outdoor.recreation@mass.gov

DPH Orders and Guidelines

Face Coverings and Masks: All visitors to parks and open space, as well as those participating in outdoor education programs should comply with *COVID-19 Order 31: Order Requiring Face Coverings in Public Places Where Social Distancing is Not Possible*. The order requires any person over the age of 2, whether indoors or outdoors, to wear a face covering or mask when they cannot maintain 6 feet of distance between themselves and others, unless they have a medical condition preventing them from doing so (see further guidance here: <https://www.mass.gov/info-details/covid-19-state-of-emergency>).

Group Size: No groups larger than 10 are allowed to gather: <https://www.mass.gov/doc/march-31-2020-assemblage-guidance/download>

Parks and Open Space

Walking, hiking, biking, running, and other activities (yoga, tai chi, etc.,) are allowable activities in parks and other designated areas such as rail trails, multi-use paths, and bike paths.

Parks and Open Space Guidelines:

- Visitors should always practice social distancing by remaining 6 feet away from others and adhering to all site-specific rules, regulations, and posted signage regarding permitted uses.
- On trails, walker and hikers should move aside and leave room for others to pass, and cyclists and runners should alert other users when approaching and wait for others to step aside before passing.
- After visiting public spaces, users should use wash their hands or use hand sanitizer.

Athletic Fields and Non-Contact Courts (Non-Organized/Permitted Use)

Athletic fields and athletic courts can be utilized only for non-contact sports, with no shared equipment, such as tennis and pickleball. No permits should be issued for group gatherings and users should not engage in pick-up games, organized games or tournaments.

Athletic Fields Guidelines:

- Users should sanitize hands before and after play, not share equipment, and clean and wipe down equipment.
- When engaged in play, users should avoid touching other users' equipment in separate areas.
- Users waiting to utilize a section or area of the field should wait outside the field of play until previous users have vacated the facility to ensure proper social distancing and prevent accidental contact of other users' equipment.
- Users should not engage in pick-up games, organized games, or tournaments.

Athletic Courts (Non-Contact) Guidelines:

- Users should sanitize hands before and after play, not share equipment and clean and wipe down equipment, including racquets, balls, and water bottles.
- Users waiting to utilize a court should wait outside the court's gates/fence until previous users have vacated the facility to ensure proper social distancing and prevent accidental contact of other users' equipment.
- Users should not engage in pick-up games, organized games, or tournaments

Picnic Areas and Grills

Picnic and grill areas should be closed if social distancing cannot be maintained and sanitizing protocols cannot be performed between use.

Trash Disposal and Public Restrooms

Where available, trash disposal and restrooms facilities should be available for public use. Trash disposal and restrooms at parks, reservations and open space managed by municipalities or other organizations for public use is available to the discretion of the city or town it is in and/or the managing organization.

Trash Disposal General Guidelines:

- Visitors of public parks, reservations, and open spaces should expect limited or no trash disposal receptacles.
- When visiting public properties without trash receptacles, visitors should adhere to a strict “carry in, carry out” policy and take waste with them.
- Where trash receptacles are available for normal use, park managers should, where feasible, provide no touch, lidless trashcans.

Public Restrooms General Guidelines:

- Users should abide by social distancing standards for bathroom lines and follow any established visual guidelines for maintaining a 6 ft distance in all restroom facilities.
- In advance of the initial opening of public restrooms, the managing entity should adhere to the Centers for Disease Control and Prevention (CDC) guidelines pertaining to the cleaning and disinfection standards of operating procedures for interior spaces and that social distancing can be maintained.
- The managing entity should have the facilities cleaned at least once daily by staff and perform deep cleaning and disinfection services at least once per week and should follow the EEA COVID-19 Outdoor Recreation Facility Restroom Cleaning Best Practices.
- Composting (clivus or similar) toilets should be permanently closed and should be replaced with temporary (seasonal) portable restrooms with daily cleanings.
- Restroom facilities should contain hand washing and/or sanitizer stations, and the public should use these stations following the use of the facilities.

Non-Commercial Dog Walking and Dog Parks

Non-commercial dog-walking and dog parks are allowable activities to the extent allowed by the managing entity.

Non-Commercial Dog Walking Guidelines:

- All dog walkers and their dogs should practice social distancing, and users should provide appropriate space for others and/or their dogs to pass when necessary.
- Social distancing for dogs means that dogs not part of the same household should be kept at least six feet apart and avoid interacting with other dogs and other people from separate households.
- Dog walkers should not share toys, treats, or other materials with dogs that are not within the same household.
- Dog walkers should supply their own bags associated with dog waste in the event there are none available on site and remove dog and other waste and dispose of it either in a designated receptacle onsite or at another appropriate location.
- Dog walkers should supply their own water and other needs for their pets in the event there are none available onsite.

Dog Park Guidelines:

- All users of dog parks and their dogs should practice social distancing of at least six or more feet.
- All visitors of dog parks should maintain enough control over their pets via leash or voice control to comply with social distancing guidelines and site-specific rules and regulations.
- Dog park amenities, including shared water dishes, toys, and other materials, should not be used by dogs or handled by visitors.
- Visitors of dog parks should supply their own bags associated with dog waste in the event there are none available onsite and take dog waste with them if designated trash receptacles are not available for normal use.
- Property managers, where feasible, if trash is available, should provide no touch, lidless trashcans.

Community Gardens

Community gardens, and associated activities, are permissible to the extent allowed by the managing entity.

Community Garden Guidelines:

- Users of community gardens should follow social distancing guidelines and should avoid utilizing communal tools, hoses, and other equipment, and avoid the sharing of personal equipment whenever possible. Additionally, users are responsible for sanitizing items before and after each use.
- Community garden users should only visit and utilize plots with members of the same household if social distancing cannot be maintained.
- If crowding becomes an issue, community garden committees and property managers should create a schedule to avoid crowding of individual plot users and maintenance of social distancing protocols.

Outdoor Education Programs

Organized educational programs, activities and outdoor public art installations may occur in outdoor spaces during Phase 1 only if the program does not require individual participants to share equipment or make physical contact in order to engage in the activity, subject to the following guidelines.

Outdoor Education Program Guidelines:

- To allow for adequate social distancing for the activity, as well as ingress and egress, the layout of the class should be managed to accommodate a minimum of 12 ft distance between each individual activity station.
- Facial coverings are required, and instructor and participants must always comply with all social distancing requirements and remain 6 ft apart. Programs must be conducted without shared equipment, tools or materials

- Activities must be limited to gatherings of no more than 10, including instructor or leader.
- Organizers must use a pre-registration process to ensure group size.
- Instructors must be familiar with all protocols and procedures to maintain a safe activity, e.g. monitoring physical distancing, not allowing participants without facial coverings, disinfecting tables before and after use in accordance with CDC guidelines.
- Temporary signage will be posted to inform the public of public health guidelines and standards of behavior during program
- If using outdoor displays or tables, add protective barriers, when possible and/or disinfect before and after use.
